Pirtle's Cactus Garden

Route 1, Box 240-C
EDINBURG, TEXAS

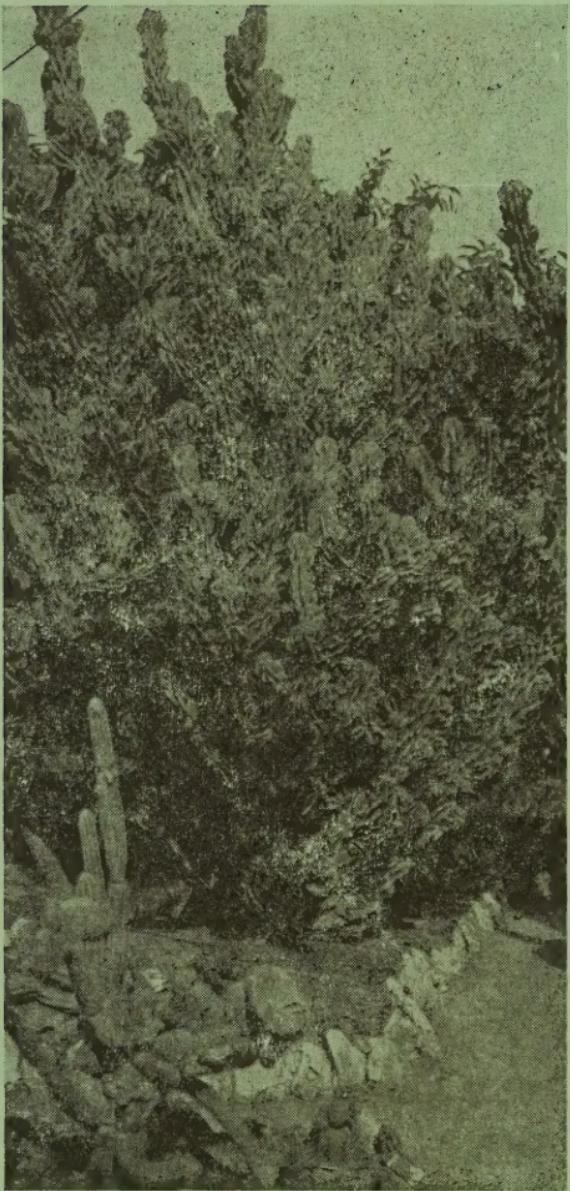

Illustrated Retail Catalog No. 1

Lemaireocereus Weberi — Mexico
18 Ft. High, 10 Ft. Spread.

One Of Our Many Specimen Plants

Native and Exotic Cacti — Other
Succulents — Seeds

Cereus peruvianus longispinus monstrosus
Another of our large specimen plants.

This is to advise that owing to the freeze of 1951, we will not have any of the cuts and grafts listed herein. It will probably be sometime before we can again supply these.

We would appreciate your listing quite a few second choice plants with your order, so we will have a better chance to fill your order completely.

Orders for less than \$1.00 will not be sent -- THANKS.

Pirtle's Cactus Garden

Route 1, Box 240C
Edinburg, Texas

This list cancels all previous lists.

TERMS: Cash with order. Foreign shipments not postpaid. Postage to most countries is 14 cents per pound. Foreign customers please note and include sufficient amount to cover postage.

If some plants ordered are listed F.O.B. and others prepaid, and sufficient amount is not sent, we will send C.O.D. to cover amount of postage or express on F.O.B. items.

If we do not list plants you want, please write us, as we are constantly acquiring new species and may now have same.

We have hundreds of specimen plants, both on own roots and grafted, on which we will quote prices if you will give approximate size and species wanted.

All orders over \$1.00 are postpaid within the United States unless otherwise specified.

While every effort has been made to properly classify our plants, we do not guarantee nomenclature given to be correct. We have the four volumes of "Cactaceae" by Britton & Rose, and are constantly checking up on our plants.

We guarantee safe delivery by express only if furnished with proper loss and damage report from delivery express agent. You must be satisfied. We do ask, however, that all complaints be made within 7 days after receipt of plants. We do not guarantee germination of seed. Our seed are tested before shipment and we will not be liable in any case for more than the cost of the seed.

Please list extra plants when ordering. We usually have all the plants listed, but at times may be out of some species. We will not substitute unless absolutely necessary.

Our collection was started as a hobby in 1930 and has been built up to contain some 2,000 species covering about 4 acres. Many plants are 15 to 20 feet high and weigh tons.

Our garden is considered one of the show places of the Lower Rio Grande Valley and we have thousands of visitors, especially during the winter tourist season. A small admission charge is made.

LOCATION: From Edinburg — Take Highway 107 east about 3 miles to sign at Morningside Road—then south 2½ miles to sign at intersection of cross road. From Highway 83 (Brownsville Highway)—There is a sign across railroad track at intersection of Morningside Road (Midway between San Juan and Alamo) turn north to sign at intersection of cross road, or inquire at any Chamber of Commerce or larger filling station for directions.

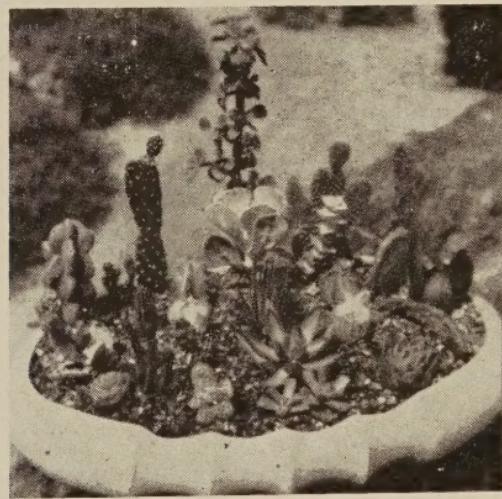

We issue each month a wholesale price list which will be sent only to those writing on business letterhead and qualified to get wholesale prices.

We do not know when another Illustrated Retail Catalog will be issued and suggest that you keep this catalog for future reference.

We sometimes have grafted cristates at \$1.50 up, F.O.B. here. Price varies according to size and rarity. We

also have hundreds of normal plants grafted that vary in price from \$1.00 up according to size and rarity. All grafted plants are F.O.B. here.

All grafted and specimen plants should be seen to be appreciated. We cannot list these as stock changes so often. Write us your wants.

MINIATURE GARDENS: We have miniature gardens planted in appropriate pottery. Prices, carefully packed for shipment by express, F.O.B. here—\$2.50, \$3.00, \$4.00, \$5.00, \$6.00, \$7.50, \$10.00 and \$12.50. Approximate weight packed 7 to 30 pounds. Add to these prices a 50c charge for crating.

PHOTO POST CARDS of our garden, 24 different views \$1.00 postpaid. These are actual photographs.

ABBREVIATIONS: P—Plant; C—Cutting; S—Seedling; G—Graft; *—Larger or specimen plants; Ill.—Illustration.

MEXICAN PLANTS: We have many Mexican plants, but if we do not have what you want we can order same for you.

CRISTATES: We have all the cristates listed below in our collection and sometimes have a few available in cuts and grafts. When available priced at 50c up on cuts and own roots; \$1.50 and up grafted, priced according to size and rarity. Grafts are F.O.B. here. We will exchange for any cristates that we do not have.

CRISTATES

<i>Ariocarpus Kotschoubeyan-</i>	<i>Lemaireocereus Dumortierii</i>
us	<i>Lemaireocereus Hollianus</i>
<i>Cephalocereus polylophus</i>	<i>Lobivia aurea</i>
<i>Cereus peruvianus</i>	<i>Lobivia famatimensis</i>
<i>Cleistocactus Baumannii</i>	<i>Lophophora Williamsii</i>
<i>Cleistocactus Straussii</i>	<i>Mammillaria angularis</i>
<i>Coryphantha clavata</i>	<i>Mammillaria bicolor (gem- inispina)</i>
<i>Coryphantha erecta</i>	<i>Mammillaria compressa</i>
<i>Echinocactus Grusonii</i>	<i>Mammillaria crociflora</i>
<i>Echinocereus Barthelowian-</i>	<i>Mammillaria Fischerii</i>
us	<i>Mammillaria Kunthii</i>
<i>Echinocereus chloranthus</i>	<i>Mammillaria Parkinsonii</i>
<i>Echinocereus cinerascens</i>	<i>Mammillaria perbellia</i>
<i>Echinocereus Fitchii</i>	<i>Mammillaria semperfervi</i>
<i>Echinocereus melanocentrus</i>	<i>Mammillaria tetracantha</i>
<i>Echinocereus Merkerii</i>	<i>Mammillaria tolimanensis</i>
<i>Echinocereus Oklahomensis</i>	<i>Mammillaria Wildii</i>
<i>Echinocereus perbellus</i>	<i>Neolloydia nerispina</i>
<i>Echinocereus rigidissimus</i>	<i>Notocactus Grossei</i>
<i>Echinocereus subterraneus</i>	<i>Notocactus ottonis</i>
<i>Echinofossulocactus arrigens</i>	<i>Notocactus scopula</i>
<i>Echinofossulocactus lamel-</i>	<i>Opuntia Bigelovii</i>
<i>locus</i>	<i>Opuntia mammillata</i>
<i>Echinofossulocactus multi-</i>	<i>Opuntia microdasys</i>
<i>costatus</i>	<i>Rathbunia alamosensis</i>
<i>Epithelantha micromeris</i>	<i>Rebutia minuscula</i>
<i>Escobaria tuberculosa</i>	<i>Strombocactus disciformis</i>
<i>Epostoa lanata</i>	<i>Thelocactus subporrectus</i>
<i>Ferocactus electracanthus</i>	<i>Trichocereus Spachianus</i>
<i>Gymnocalycium gibbosum</i>	<i>Trichocereus thelegonus</i>
<i>Gymnocalycium saglionum</i>	
<i>Homalocephala texensis</i>	

PHOTO POST CARDS: We have 24 different views all taken in our garden postpaid at \$1.00 a set. All orders of \$1.00 and over sent postpaid unless otherwise specified.

ASSORTMENTS

50 different cacti, our selection P. and C.	10.00
25 cacti and 25 other succulents, our selection P&C	8.00
50 different other succulents, our selection P and C	7.00

These assortments will vary from time to time as different plants are available and the plants and cuts sent will be well worth the money.

DISH GARDEN ASSORTMENTS

Cacti and other succulents 6 different our selection	1.00
Cacti and other succulents 10 different our selection	1.50
Cacti and other succulents 15 different our selection	2.25
Cacti and other succulents 25 different our selection	4.00

SEED

The following seed are 25c per packet postpaid:

<i>Aloe (Mixed)</i>	<i>Ferocactus Wislizenii</i>
<i>Astrophytum asterias</i>	<i>Gasteria (Mixed)</i>
<i>Astrophytum myriostigma</i>	<i>Gymnocalycium mixed</i>
<i>Astrophytum ornatum</i>	<i>Harrisia mixed</i>
<i>Cephalocereus Palmeri</i>	<i>Lemaireocereus pruinosis</i>
<i>Cereus hybrids</i>	<i>Melocactus mixed</i>
<i>Echinocactus Grusonii</i>	

We have most of these seed at all times, but in case we should be out of species ordered won't you please list a second choice.

We also have mixed cacti seed in illustrated packets, 5 or more species, at 15c per packet postpaid.
